RICES LANDING FIRE LOSS MANY THOUSAND

Five Buildings Destroyed There Early This Morning

HOUSE HOTEL BURNED

Flames Discovered in George Reynolds Store and Rapidly Spread

Damage variously estimated from $30,000 to $50,000 was realized through fire that consumed five buildings in the central part of Rices Landing early this morning. George Reynolds, the leading storekeeper of Rices Landing, who has the second largest store in Greene county was the heaviest sufferer. The House hoted was burned down together with the Walter Price residence, G. M. Bradley's residence and N. See's residence. Dynamiting checked the fire from eating out entirely the heart of the town. Mrs. Sarah Rice's home was damaged.

The origin of the fire is unknown. Flames are said to have been discovered after they had gained considerable headway in the Reynolds store at 1:30 o'clock. The House hotel adjoins the store. It is an old frame structure and it soon took fire. To the north of the store is a frame dwelling and this took fire.

Dynamiting was started at the residence of G. M. Bradley who is the Pennsylvania Railroad agent at Rices Landing. Also the house of N. See was dynamited. So hot was the fire that a house across the street from the Reynolds store caught and was partly burned.

Volunteer firemen, working with buckets could do little. Bert Reynolds a brother of George Reynolds and John Neil were burned as they were fighting the conflagration.

John Whitlatch a P. R. R. employe who lives in the second house from the Bradley property was one of the volunteer fire fighters. By breaking glass he had his foot badly cut. Mr. Whitlatch formerly lived in Charleroi.

Mr. Reynolds had much valuable stock in his store so that his total loss would probably run close to $20,000. All was consumed. Some furniture was saved from the Bradley home, the Price residence and the See place. Telephone lines were damaged and it was hard to get any news from the town.

New Plant at County Seat

Barnes Safe and Lock Company to Locate on Site at Washington

The Barnes Safe & Lock company of Pittsburg has accepted a free factory site at Washington, Pa., which was offered the company through the board of trade of that town. The site comprises several acres in the old fair grounds tract and has ample railroad facilities. The new plant's main building wil lbe of brick, steel and concrete and will measure 60x300 feet, and there will be a number of smaller buildings. Plans of the plant were drawn by a Washington, architect and a contract for the work will likely be let before the week is out. The Barnes company is one of the oldest safe-making concerns in the country and its Pittsburg quarters have long been too small.

SERVICE RESTORED

Explained Cutting Off of Monongahela Telephone Was Mistake

MAY END CONTROVERSY

That the city hall at Monongahela was cut off of telephone service by the Central District Telephone company, otherwise the Bell system, through mistake was the clear statement of Manager F. B. Burwell this morning. In some way Mr. Burwell states the mistake was made of getting the city hall named among those subscribers to have service cut for not paying their bills promptly. By a special ruling agreed upan by the company voluntarily this morning the phone service was restored.

This may or may not end the Monongahela controversy. There are people at Monongahela who are feeling rather owlish because of the affair, and it is rumored that other complications may result.

LOCAL BOYS TRAIN WITH YOUNGSTOWN

"Katsy" Keifer, pitcher and Sharkey, first baseman, are training with the Youngstown, Ohio team and the chances are that both of them will be given good berths though the Central league team may not keep them. Keifer is to be sent to an Ohio state league team, it is understood. Sharkey doesn't know yet what his fate is to be.

WILL EDUCATE BY MEANS OF PICTURES

Arrangements Made for Production of Photoplays Showing Methods of Caring for the Health

With a desire to benefit the community, as well as to cultivate a taste for instructive and educational subjects and hereby raise the standard of picture shows, Manager R. S. Coyle of the Coyle Theatre has arranged a special educational entertainment for Wednesday afternoon and evening. By considerable effort and additional expense he has grouped a program for the occasion that is impossible to get together in the ordinary schedule of booking agencies, which is both highly instuctive in a practical way and entertaining in a cultural educational way. The various films secured for the different features aggregate 5,500 feet more than a mile. The program is as follows:

Dental picture, showing the care of the teeth, 1,000 feet, supplemented by 25 stereopticon slides.

The Life of a Bee, 500 feet.

The Circulation of Blood, 500 feet.

The City of New York, 1,000 feet.

A Comedy, 500 feet.

President Taft's Visit to the Panama Canal, 2,000 feet.

It was through the courtesy of the Odontological Society of Western Pennsylvania that Mr. Coyle was enabled to get the Dental pictures, which are used for educational purposes. The pictures were taken at the public schools at Marion, Ohio. It is a motion picture of the daily precautions that are carried out for the preservation of the teeth of the children of the public schools of that progressive municipality. The film was not posed for by professionals, but is a correct exposition of what is done every day in many of the public schools of the country.

The stereopticon slides that are used in connection show the development of the human jaw and teeth from infancy to old age.

In connection with the presentation of these Dental films and slides Dr. G. H. Smith one of the prominent local dentists, has kindly consented to give a brief lecture as to the proper care and preservation of the teeth, and the necessity of public action in the schools along this line.

The film that shows the circulation of the blood is one of the most wonderful triumphs of science of the present age. By it is shown the blood being pumped through the arteries to the tissues of the body and flowing back to the heart through the veins. The action of the corpuscles is also clearly defined. Physicans who have seen the film say it is the most wonderful demonstration ever presented in their profession, as it is the first time the circulation of the blood can actually be seen. It is an Italian film, and how it was produced is one of the scientific mysteries.

The Life of a Bee is an interesting study in natural history, while the City of New York and President Taft's Visit to the Panama Canal are most interesting and instrustive travel pictures. It is probable that special arrangements will be made to have as many school children as possible attend the performance either at the matinee or in the evening as it affords an exceptional opportunity to impress many important subjects most forcibly upon the minds of the pupils.

Will Hold Annual Dance.

The Knights of Columbus No. 945 of Monessen will hold their eighth annual dance in Assembly hall, Donner avenue, Monday evening, April 21. The committee in charge is composed of J. A. Lohman, J. E. McElroy R. E. Bearer, A. A. Currie and J. J. Cushing.

"NOT GUILTY" VERDICT IN THE HEETER CASE

Has a Cow; Wants Man

Sheriff Lutton Seeks Hand to Care for Bovine and Prepare Modified Milk

Sheriff R. G. Lutton owns a cow. He wants to hire a farm hand or a dairyman.

The purpose of the cow as one might surmise is to furnish milk for babes and children that it falls to the lot of the county to care for. The purpose of the dairyman would be to attend to the cow, prepare modified milk and if he thinks he can even prepare condensed milk.

Some time ago Sheriff Lutton acquired a goat. For practical purposes in the furnishing of milk the goat might have been improved upon. Nannie has therefore been supplanted by a patient bossie.

SIGNS UP PLAYERS

Manager Bill Phillips Gets First Lot in Line for Indianapolis

SECRETARY HERE TODAY

Manager Bill Phillips of the Indianapolis Federal league club which is to go into training here next week reports that he has signed the first lot of men for his team. Owing to the delay in getting matters shaped up he was unable to get affairs in good shape for the beginning of the season as promptly as he would have liked and most of the other managers in the league have the start on him. Secretary Ross of the Indianapolis club was in Charleroi this morning confering with Manager Phillips in regard to grounds and other matters pertaining to the club's interests.

Among the chief players signed is Kaiser an outfielder, who last year played a part of the season with Boston and finished with the Indianapolis American Association club. Paisley a pitcher, Rodgers a catcher, Miller an outfielder and Brown an outfielder of Pittsburg have been signed. William Frantz of West Middletown, last year with Steubenville, has affixed his name to a contract. Scott, whom Phillips claims to be one of the best third basemen in the business has agreed to terms and will report for duty next week. Barum of Carnegie and Tremeyer the latter of Cincinnati, who is a former Tri State and New York State outfielder; Kirke a catcher last year in the Central Association and Massing a catcher who managed last year the Burlington team in the Three I league, are others who have agreed to terms.

Sealed Return Made in Sensational Pittsburg Case

JUDGE ADDRESSES JURY

Tells Them Decision Must Largely be on the Question of Veracity

"Not guilty" is the verdict that was returned this morning at 9:30 o'clock in open court at Pittsburrg in the case against S. L. Heeter superintendent of the public schools, accused of serious charges of intimacy—with Miss Ethel Fisher.

Thursday afternoon at 4:30 o'clock the jury received the case and at 5:30 o'clock announced that it had prepared a sealed verdict. This verdict was opened this morning and the superintendent of schools knew his fate.

The trial which lasted a greater portion of the week was featured on the final day by the addresses of Attorney Clarence Burleigh for Mr. Heeter, District Attorney W.A. Blakeley who spoke for the conviction of the accused man and the charge to the jury of Judge Swearingen.

The charge of the trial judge lahted for more than 40 minutes. He took the posiaion that on many points at issue the jury must choose between belief in the statement of the Fisher girl and belief in the statements of Mr. Heeter's family and his office attaches.

LODGE TO ATTEND CHURCH IN BODY

GOOD PROSPECTS.

Those who were disposed to view with alarm the change of administration can feliciate themselves with the fact that sky has not yet fallen, and that industrial and business prospects for this section are exceedingly bright. With the opening of the lake trade an increased impetus in the coal mining industry is always inaugurated at this time of the year, which continues more or less unabated all summer. Other local industries are working steadily, with preparations for expansions and new operations.

In this immediate vicinity active preparations are in progress for the re-building of the tipple of the Charleroi Coal works, which will mean the employment of from 400 to 500 men before the season is over. The Macbeth-Evans Glass company is making some extensive additions to its plant, the new additions made last year already having proved inadequade for the increased business of the plant. Other prospects are the extension of the trolley line to California, the building of new roads between here and Speers and elsewhere in the vicinity, all of which will hape a decided bearing on the permanent welfare of Charleroi. Add to these the myriad number of small improvements and building enterprises, the increased farming and gardening that is in prospect and the local outlook is most encouraging.

At the present time labor is fully employed and there are apparently no clouds on the business and industrial horizon to interrupt a season of cntinued activity.

FLOOD BENEFITS.

That there is compensationin every disaster is evidenced by the announcement that the recent floods in Ohio and Indiana have eliminated the plague of raes which infested teh farming districts of those sections. Conecrning this the Indianapolis News says:

"Farmers whose fands have been submerged by the floods will get some comfort out of the disaster that has been so destructive to their property. The alluvial deposit that will be left upon their lands will furnish fertilization that can not be reconed in dollars. From time to time satisticians give figures showing the enormous values of crops destroyed by the ravages of rats. As on other occasions following great floods, so it will probably be noticed following this one, that in the submerged districts the rats will have entirely disappeared having been drowned in the rush of waters.

In Southern Indiana, where the plague of rats in recent years has been seriously taken into account and where a 'rat killing day' was originated not as a diversion but as a serious business it may be after this flood, that there will be few if any rats left to hunt."

Monongahela might get a little better results in its trouble with the Belle Telephone company if it should practice up a bit of "goat" hunting.

AFTER COUGHING MONTHS

Brooklyn, N. Y., Woman Found Relief in Vinol.

Did you ever cough for a week? Then just think how distressing it must be to have a cough hang on for three months.

Mrs. Maria Primcose of 87 Newell street, Brooklyn, N. Y., says: "I had a very heavy cold which settled into a chronic cough which kept me awake nights for fully three months. and felt tired all the time because my rest was broken. The effect of taking your cod liver and iron remedy Vinol is that my cough is gone I can now get a good night's rest and I feel much stronger in every way."

It is the combined action of the medicinal elements cods' livers aided by the blood-making and strength-creating properties of tonic iron which makes Vinol so efficient for chronic coughs, colds and bronchitis —at the same time building up the weakened run-down system.

Try a bottle of Vinol with the understanding that your money will be returned if it does not help you. Piper Bros., Druggists.

PICKED UP IN PASSING

"I wish you would remind Brother Truxal of the Belle Vernon Enterprise that his prognostication during the winter that the bridge would be finished and open to traffic by the times the robbins came, should be extended to the appearance of the snowbirds next winter," said a prominent Speers citizen yesterday.

"Aren't the contractors working on the bridge now?" was asked.

"Oh, yes, they're working—a few of them all right but at the present rate they'll never finish this summer," replied the Speers man.

"May be the Belle Vernon people don't want to let you fellows in and out of their town," was suggested.

"Well, maybe so. Reminds me of the old story of the church committee who approached a miserly citizen for a subscription to help build a fence about the graveyard.

"'No,' replied the tightwad, 'I'll not give a cent for such a project. There is no need whatever for a fence around the graveyard. Those who are in can't get out, and those who are out don't want to get in. So what's the use of a fence?'

"That is what the delay on the bridge work is doing for Belle Vernon and Speers. Those who are in can't get out and those who are out can't get in, so far as the bridge is concerned."

"The greatest 'balling out' I ever heard a man get was at Monessen the other day," remarked a traveling man. "A couple of fellows in a pool room got peeved at one another and after an exchange of words, one called the other an opprobrius name. The other looked at the fellow and said:

"'If you were worth while I'd wipe up with you, but you aren't. Had you been on the Titanic you'd have been saved.'"

Freckles

Now is the Time to Get Rid of These Ugly Spots.

There's no longer the slightest need of feeling ashamed of your freckles, as the prescription othine—double strength—is guaranteed to remove these homely spots.

Simply get an ounce of othine—double strength—from your druggist nad apply a little of it night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful clear complexion.

Be sure to ask for the double strength othine as this is sold under guarantee of money back if it fails to remove freckles.

Charleroi Women Interested in New Treatment

Relieves Colds Over Night and Croup In Fifteen Minutes—Applied Externally.

NOTHING TO SWALLOW, NO DOSING THE STOMACH

Druggists Below Have Arranged to Sell 25c, 50c and $1.00 Packages on 30 Days' Trial.

The mothers of Charleroi are much interested in the new treatment for croup and cold troubles recently imported from the south by the local wholesale druggists. To mothers with small children the point of most interest about this new treatment is that it is used externally and so does away with the necessity of dosing delicate little stomachs with strong internal medicines.

This treatment is in the form of a salve which is applied over the throat and chest. The body heat releases the vapors of Pine Tar, Eucalyptol, Thymol, Camphor and Menthol and these soothing, antiseptic vapors are inhaled with each breath direct to the lungs. At the same time the preparation is absorbed through the skin taking out the soreness.

In cases of croup a little rubbed over the chest will render the breathing easier in five minutes and in fifteen minutes the trouble is over. The most severe head or chest colds are usually relieved in one night. For all bronchial troubles, catarrh, sore throat, hoarseness and difficult breathing this new treatment will be found wonderfully effective.

No one relizes the value of a treatment of this kind better than the skilled druggist and in order that their customers may test its virtues for themselves the druggists of Charleroi have arranged to sell this new preparation, known as Vicks Croup and Pneumonia Salve, on 30 days' trial. With each purchase you will be given a slip showing the date of your purchase. If you are not delighted with the results present this slip to your druggist any time within 30 days from the date of purchase and your money will be promptly refunded.

This offer means exactly what it says. The manufacturers do not claim that this treatment is not successful in all cases but if it fails in your case don't hesitate to present your slip and get your money back. The druggist gets his profit just the same.

You can purchase a 25c, 50c or $1.00 jar on this trial offer from any of the druggists.

RICES LANDING FIRE LOSS MANY THOUSAND

Five Buildings Destroyed There Early This Morning

HOUSE HOTEL BURNED

Flames Discovered in George Reynolds Store and Rapidly Spread

Damage variously estimated from $30,000 to $50,000 was realized through fire that consumed five buildings in the central part of Rices Landing early this morning. George Reynolds, the leading storekeeper of Rices Landing, who has the second largest store in Greene county was the heaviest sufferer. The House hoted was burned down together with the Walter Price residence, G. M. Bradley's residence and N. See's residence. Dynamiting checked the fire from eating out entirely the heart of the town. Mrs. Sarah Rice's home was damaged.

The origin of the fire is unknown. Flames are said to have been discovered after they had gained considerable headway in the Reynolds store at 1:30 o'clock. The House hotel adjoins the store. It is an old frame structure and it soon took fire. To the north of the store is a frame dwelling and this took fire.

Dynamiting was started at the residence of G. M. Bradley who is the Pennsylvania Railroad agent at Rices Landing. Also the house of N. See was dynamited. So hot was the fire that a house across the street from the Reynolds store caught and was partly burned.

Volunteer firemen, working with buckets could do little. Bert Reynolds a brother of George Reynolds and John Neil were burned as they were fighting the conflagration.

John Whitlatch a P. R. R. employe who lives in the second house from the Bradley property was one of the volunteer fire fighters. By breaking glass he had his foot badly cut. Mr. Whitlatch formerly lived in Charleroi.

Mr. Reynolds had much valuable stock in his store so that his total loss would probably run close to $20,000. All was consumed. Some furniture was saved from the Bradley home, the Price residence and the See place. Telephone lines were damaged and it was hard to get any news from the town.

New Plant at County Seat

Barnes Safe and Lock Company to Locate on Site at Washington

The Barnes Safe & Lock company of Pittsburg has accepted a free factory site at Washington, Pa., which was offered the company through the board of trade of that town. The site comprises several acres in the old fair grounds tract and has ample railroad facilities. The new plant's main building wil lbe of brick, steel and concrete and will measure 60x300 feet, and there will be a number of smaller buildings. Plans of the plant were drawn by a Washington, architect and a contract for the work will likely be let before the week is out. The Barnes company is one of the oldest safe-making concerns in the country and its Pittsburg quarters have long been too small.

SERVICE RESTORED

Explained Cutting Off of Monongahela Telephone Was Mistake

MAY END CONTROVERSY

That the city hall at Monongahela was cut off of telephone service by the Central District Telephone company, otherwise the Bell system, through mistake was the clear statement of Manager F. B. Burwell this morning. In some way Mr. Burwell states the mistake was made of getting the city hall named among those subscribers to have service cut for not paying their bills promptly. By a special ruling agreed upan by the company voluntarily this morning the phone service was restored.

This may or may not end the Monongahela controversy. There are people at Monongahela who are feeling rather owlish because of the affair, and it is rumored that other complications may result.

LOCAL BOYS TRAIN WITH YOUNGSTOWN

"Katsy" Keifer, pitcher and Sharkey, first baseman, are training with the Younsgtown, Ohio team and the chances are that both of them will be given good berths though the Central league team may not keep them. Keifer is to be sent to an Ohio state league team, it is understood. Sharkey doesn't know yet what his fate is to be.

WILL EDUCATE BY MEANS OF PICTURES

Arrangements Made for Production of Photoplays Showing Methods of Caring for the Health

With a desire to benefit the community, as well as to cultivate a taste for instructive and educational subjects and hereby raise the standard of picture shows, Manager R. S. Coyle of the Coyle Theatre has arranged a special educational entertainment for Wednesday afternoon and evening. By considerable effort and additional expense he has grouped a program for the occasion that is impossible to get together in the ordinary schedule of booking agencies, which is both highly instuctive in a practical way and entertaining in a cultural educational way. The various films secured for the different features aggregate 5,500 feet more than a mile. The program is as follows:

Dental picture, showing the care of the teeth, 1,000 feet, supplemented by 25 stereopticon slides.

The Life of a Bee, 500 feet.

The Circulation of Blood, 500 feet.

The City of New York, 1,000 feet.

A Comedy, 500 feet.

President Taft's Visit to the Panama Canal, 2,000 feet.

It was through the courtesy of the Odontological Society of Western Pennsylvania that Mr. Coyle was enabled to get the Dental pictures, which are used for educational purposes. The pictures were taken at the public schools at Marion, Ohio. It is a motion picture of the daily precautions that are carried out for the preservation of the teeth of the children of the public schools of that progressive municipality. The film was not posed for by professionals, but is a correct exposition of what is done every day in many of the public schools of the country.

The stereopticon slides that are used in connection show the development of the human jaw and teeth from infancy to old age.

In connection with the presentation of these Dental films and slides Dr. G. H. Smith one of the prominent local dentists, has kindly consented to give a brief lecture as to the proper care and preservation of the teeth, and the necessity of public action in the schools along this line.

The film that shows the circulation of the blood is one of the most wonderful triumphs of science of the present age. By it is shown the blood being pumped through the arteries to the tissues of the body and flowing back to the heart through the veins. The action of the corpuscles is also clearly defined. Physicans who have seen the film say it is the most wonderful demonstration ever presented in their profession, as it is the first time the circulation of the blood can actually be seen. It is an Italian film, and how it was produced is one of the scientific mysteries.

The Life of a Bee is an interesting study in natural history, while the City of New York and President Taft's Visit to the Panama Canal are most interesting and instrustive travel pictures. It is probable that special arrangements will be made to have as many school children as possible attend the performance either at the matinee or in the evening as it affords an exceptional opportunity to impress many important subjects most forcibly upon the minds of the pupils.

Will Hold Annual Dance.

The Knights of Columbus No. 945 of Monessen will hold their eighth annual dance in Assembly hall, Donner avenue, Monday evening, April 21. The committee in charge is composed of J. A. Lohman, J. E. McElroy R. E. Bearer, A. A. Currie and J. J. Cushing.

"NOT GUILTY" VERDICT IN THE HEETER CASE

Sealed Return Made in Sensational Pittsburg Case

JUDGE ADDRESSES JURY

Tells Them Decision Must Largely be on the Question of Veracity

"Not guilty" is the verdict that was returned this morning at 9:30 o'clock in open court at Pittsburrg in the case against S. L. Heeter superintendent of the public schools, accused of serious charges of intimacy—with Miss Ethel Fisher.

Thursday afternoon at 4:30 o'clock the jury received the case and at 5:30 o'clock announced that it had prepared a sealed verdict. This verdict was opened this morning and the superintendent of schools knew his fate.

The trial which lasted a greater portion of the week was featured on the final day by the addresses of Attorney Clarence Burleigh for Mr. Heeter, District Attorney W.A. Blakeley who spoke for the conviction of the accused man and the charge to the jury of Judge Swearingen.

The charge of the trial judge lahted for more than 40 minutes. He took the posiaion that on many points at issue the jury must choose between belief in the statement of the Fisher girl and belief in the statements of Mr. Heeter's family and his office attaches.

Has a Cow; Wants Man

Sheriff Lutton Seeks Hand to Care for Bovine and Prepare Modified Milk

Sheriff R. G. Lutton owns a cow. He wants to hire a farm hand or a dairyman.

The purpose of the cow as one might surmise is to furnish milk for babes and children that it falls to the lot of the county to care for. The purpose of the dairyman would be to attend to the cow, prepare modified milk and if he thinks he can even prepare condensed milk.

Some time ago Sheriff Lutton acquired a goat. For practical purposes in the furnishing of milk the goat might have been improved upon. Nannie has therefore been supplanted by a patient bossie.

SIGNS UP PLAYERS

Manager Bill Phillips Gets First Lot in Line for Indianapolis

SECRETARY HERE TODAY

Manager Bill Phillips of the Indianapolis Federal league club which is to go into training here next week reports that he has signed the first lot of men for his team. Owing to the delay in getting matters shaped up he was unable to get affairs in good shape for the beginning of the season as promptly as he would have liked and most of the other managers in the league have the start on him. Secretary Ross of the Indianapolis club was in Charleroi this morning confering with Manager Phillips in regard to grounds and other matters pertaining to the club's interests.

Among the chief players signed is Kaiser an outfielder, who last year played a part of the season with Boston and finished with the Indianapolis American Association club. Paisley a pitcher, Rodgers a catcher, Miller an outfielder and Brown an outfielder of Pittsburg have been signed. William Frantz of West Middletown, last year with Steubenville, has affixed his name to a contract. Scott, whom Phillips claims to be one of the best third basemen in the business has agreed to terms and will report for duty next week. Barum of Carnegie and Tremeyer the latter of Cincinnati, who is a former Tri State and New York State outfielder; Kirke a catcher last year in the Central Association and Massing a catcher who managed last year the Burlington team in the Three I league, are others who have agreed to terms.

LODGE TO ATTEND CHURCH IN BODY

Charleroi Lodge No. 1030, I. O. O. F., will attend the Washington Avenue Presbyterian church in a body Sunday at the morning service at 11 o'clock, when the pastor, Rev. John R. Burson will preach a special sermon to the order. The members will meet at their hall at 10:30 from which place they will march to the church. All visiting members of the order are cordially invited to join with the local lodge in attending the service.

GOOD PROSPECTS.

Those who were disposed to view with alarm the change of administration can feliciate themselves with the fact that sky has not yet fallen, and that industrial and business prospects for this section are exceedingly bright. With the opening of the lake trade an increased impetus in the coal mining industry is always inaugurated at this time of the year, which continues more or less unabated all summer. Other local industries are working steadily, with preparations for expansions and new operations.

In this immediate vicinity active preparations are in progress for the re-building of the tipple of the Charleroi Coal works, which will mean the employment of from 400 to 500 men before the season is over. The Macbeth-Evans Glass company is making some extensive additions to its plant, the new additions made last year already having proved inadequade for the increased business of the plant. Other prospects are the extension of the trolley line to California, the building of new roads between here and Speers and elsewhere in the vicinity, all of which will hape a decided bearing on the permanent welfare of Charleroi. Add to these the myriad number of small improvements and building enterprises, the increased farming and gardening that is in prospect and the local outlook is most encouraging.

At the present time labor is fully employed and there are apparently no clouds on the business and industrial horizon to interrupt a season of cntinued activity.

FLOOD BENEFITS.

That there is compensation in every disaster is evidenced by the announcement that the recent floods in Ohio and Indiana have eliminated the plague of raes which infested teh farming districts of those sections. Conecrning this the Indianapolis News says:

"Farmers whose lands have been submerged by the floods will get some comfort out of the disaster that has been so destructive to their property. The alluvial deposit that will be left upon their lands will furnish fertilization that can not be reckoned in dollars. From time to time statisticians give figures showing the enormous values of crops destroyed by the ravages of rats. As on other occasions following great floods, so it will probably be noticed following this one, that in the submerged districts the rats will have entirely disappeared having been drowned in the rush of waters.

"In Southern Indiana, where the plague of rats in recent years has been seriously taken into account and where a 'rat killing day' was originated not as a diversion but as a serious business it may be after this flood, that there will be few if any rats left to hunt."

Monongahela might get a little better results in its trouble with the Belle Telephone company if it should practice up a bit of "goat" hunting.

AFTER COUGHING MONTHS

Brooklyn, N. Y., Woman Found Relief in Vinol.

Did you ever cough for a week? Then just think how distressing it must be to have a cough hang on for three months.

Mrs. Maria Primcose of 87 Newell street, Brooklyn, N. Y., says: "I had a very heavy cold which setrled into a chronic cough which kept me awake nights for fully three months, and felt tired all the time because my rest was broken. The effect of taking your cod liver and iron remedy Vinol is that my cough is gone I can now get a good night's rest and I feel much stronger in every way."

It is the combined action of the medicinal elements cods' livers aided by the blood-making and strength-creating properties of tonic iron which makes Vinol so efficient for chronic coughs, colds and bronchitis—at the same time building up the weakened run-down system.

Try a bottle of Vinol with the understanding that your money will be returned if it does not help you. Piper Bros., Druggists.

PICKED UP IN PASSING

"I wish you would remind Brother Truxal of the Belle Vernon Enterprise that his prognostication during the winter that the bridge would be finished and open to traffic by the times the robbins came, should be extended to the appearance of the snowbirds next winter," said a prominent Speers citizen yesterday.

"Aren't the contractors working on the bridge now?" was asked.

"Oh, yes, they're working—a few of them all right but at the present rate they'll never finish this summer," replied the Speers man.

"May be the Belle Vernon people don't want to let you fellows in and out of their town," was suggested.

"Well, maybe so. Reminds me of the old story of the church committee who approached a miserly citizen for a subscription to help build a fence about the graveyard.

"'No,' replied the tightwad, 'I'll not give a cent for such a project. There is no need whatever for a fence around the graveyard. Those who are in can't get out, and those who are out don't want to get in. So what's the use of a fence?'

"That is what the delay on the bridge work is doing for Belle Vernon and Speers. Those who are in can't get out and those who are out can't get in, so far as the bridge is concerned."

"The greatest 'baliing out' I ever heard a man get was at Monessen the other day," remarked a traveling man. "A couple of fellows in a pool room got peeved at one another and after an exchange of words, one called the other an opprobrius name. The other looked at the fellow and said:

"'If you were worth while I'd wipe up with you, but you aren't. Had you been on the Titanic you'd have been saved.'"

For Loss of Hair

We will pay for what you use if Rexall "93" Hair Tonic does not promote the growth of your hair.

In all our experience with hair tonics the one that has done most to gain our confidence is Rexall "93" Hair Tonic. We have such well-founded faith in it that we want you to try it at our risk. If it does not satisfy you in every particular, we will pay for what you use to the extent of a 30 day treatment.

If Rexall "93" Hair Tonic does not remove dandruff, relieve scalp irritation, stop the hair from falling and promote a new growth of hair, come back to us and ask us to return the money you paid for it, and we will promptly hand it back to you. You don't sign anything, promise anything, bring anything back, or in any way obligate yourself. Isn't that fair?

Doesn't it stand to reason that we would not make such a liberal offer if we did not truly believe that Rexall "93" Hair Tonic will do all we claim for it—that it will do all and more than any other remedy?

We have everything there is a demand for, and are able to judge the merits of the things we sell. Customers tell us of their success. There are more satisfied users of Rexall "93" Hair Tonic than any similar preparation we sell.

Start a treatment of Rexall "93" Hair Tonic today. If you do, we believe you will thank us for this advice. Two size bottles, 50c and $1.

BENTLEYVILLE

N. J. Coyle has broken ground for a five-roomed house on Lackawana street.

Mrs. Elzabeth Richardson has received bids for an up-to-date six room house with bath and modern conveniences in the J. Frye plan of lots.

Mrs. Lang and daughter Hattie of Allenport visited Mrs. Fred Ryland lately.

Lloyd Squires is spending some time at Westerport, Md., visiting a son, Alexander who is reported critically ill, suffering from fever.

The next meeting of the Pigeon Creek Grange will be held April 18. Forty-three charter members have been enrolled and the Grange gives promise to be one of the largest and most thrifty in the county.

The Carnegie Gas company struck a big flow of gas at the Julius Nicholl well, Saturday last.

G. F. Baker has moved his saw mill from Grant Morgan's woods, to Walter Carsons, near the Whit[illegible] school house.

The A. M. Huffman well came in a good gasser and has been turned into the line. The tools used at the well are being hauled to the Mrs. Sarah McCallister well, which is to be drilled deeper.

Wilbert Huffman and sister Miss Edna will move to town from Somerset township.

Mrs. James Sprowls visited her sister, Mrs. Theodore Burgan of Vanceville the last week.

Miss Maude Wright, Washington, is visiting at Vanceville.

The Bentleyville schools will close May 14 after a very successful 8 months' term.

J. N. Snyder has sold a lot in the Snyder plan of Tom Shimmicack. W. R. Stephens has sold five acres of land for the improvement company to an Ellsworth party. Consideration, $500. The Miners' Land company has sold four lots to Ellsworth parties in Miners' Terrace Plan of lots.

Freckles

Now is the Time to Get Rid of These Ugly Spots.

There's no longer the slightest need of feeling ashamed of your freckles, as the prescription othine—double strength—is guaranteed to remove these homely spots.

Simply get an ounce of othine—double strength—from your druggist nad apply a little of it night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful clear complexion.

Be sure to ask for the double strength othine as this is sold under guarantee of money back if it fails to remove freckles.

Charleroi Women Interested in New Treatment

Relieves Colds Over Night and Croup In Fifteen Minutes—Applied Externally.

NOTHING TO SWALLOW, NO DOSING THE STOMACH

Druggists Below Have Arranged to Sell 25c, 50c and $1.00 Packages on 30 Days' Trial.

The mothers of Charleroi are much interested in the new treatment for croup and cold troubles recently imported from the south by the local wholesale druggists. To mothers with small children the point of most interest about this new treatment is that it is used externally and so does away with the necessity of dosing delicate little stomachs with strong internal medicines.

This treatment is in the form of a salve which is applied over the throat and chest. The body heat releases the vapors of Pine Tar, Eucalyptol, Thymol, Camphor and Menthol and these soothing, antiseptic vapors are inhaled with each breath direct to the lungs. At the same time the preparation is absorbed through the skin taking out the soreness.

In cases of croup a little rubbed over the chest will render the breathing easier in five minutes and in fifteen minutes the trouble is over. The most severe head or chest colds are usually relieved in one night. For all bronchial troubles, catarrh, sore throat, hoarseness and difficult breathing this new treatment will be found wonderfully effective.

No one relizes the value of a treatment of this kind better than the skilled druggist and in order that their customers may test its virtues for themselves the druggists of Charleroi have arranged to sell this new preparation, known as Vicks Croup and Pneumonia Salve, on 30 days' trial. With each purchase you will be given a slip showing the date of your purchase. If you are not delighted with the results present this slip to your druggist any time within 30 days from the date of purchase and your money will be promptly refunded.

This offer means exactly what it says. The manufacturers do not claim that this treatment is not successful in all cases but if it fails in your case don't hesitate to present your slip and get your money back. The druggist gets his profit just the same.

You can purchase a 25c, 50c or $1.00 jar on this trial offer from any of the druggists.

Miss Remington

Says:

"I can get more clean, legible copies at one writing from RED SEAL than from any other carbon paper."

Miss Remington operates nearly a million typewriters, and she *ought to know.*

No other carbon paper manifolds like RED SEAL, or gives such bright, clear impressions, or such good, all-around service.

And, of course, it follows that no other *sells* like RED SEAL.

WEAR-EVER Aluminum Utensils

THE WARE THAT LASTS A GENERATION

You can cook the most easily scorched food in

"Wear-Ever"

Aluminum Utensils

with less fear of burning than in any other kind, because aluminum is a better distributor of heat and retains it longer. This means a saving in fuel. And it means a saving in wear-and-tear expense, too.

"Wear-Ever" utensils are light to handle and easy to clean. They cannot form poisonous compounds with fruit acids or foods.

"Wear-Ever" utensils are made from thick, hard sheet aluminum, 99 per cent pure, without joint, seam or solder. You can let food burn dry without injuring them. Cannot Yust—cannot chip or scale—are practically indestructible.
